

The ND Money Follows the Person (MFP) Grant is sponsoring two community stakeholder forums to provide an opportunity for persons using home and community based support services, and their families, to discuss their experiences and to offer suggestions for improving services. These forums are for the purpose of gathering information to share with the MFP Stakeholder Committee to assist in its efforts to address barriers to successful community living. For more information about the MFP Grant, go to: <http://www.nd.gov/dhs/info/pubs/mfp.html>
