Dear Teresa,

The Family Voices Parent Leadership Institute is scheduled for June 7, 8, 9

Each year Family Voices hosts a Leadership Institute. Each year we accept applications from 25 families to attend the weekend.

The purpose of the Leadership Institute is to provide family members with the tools to expand their grassroots advocacy efforts through coalition building and mentoring activities.

Learning Objectives:

1. State leadership --increase capacity and knowledge for family leaders regarding health policy in order to strengthen partnerships and policy development.
2. Individual families - increase awareness and understanding of impact of health issues and services for Children and Youth with Special Health Care Needs.

3. Promote and support family/professional partnerships.

4. Increase the families' ability to navigate the complex service system and access needed services.

5. Provide families with access to information and the opportunities for training.

6. Provide skills necessary for family support and leadership development by bringing together community resources based upon identified family needs.
